

ACCELECOM

Accelecom Wavelength

Elevating Your Network with High-Speed Connectivity

In today's rapid digital environment, your enterprise requires more than mere connectivity—it demands performance. Welcome to Wavelength, the epitome of high-speed, dedicated WAN connectivity tailored to surpass your most demanding application needs.

Unleash High-Performance Connectivity

Traditional private line solutions often falter with data-intensive applications like data replication, critical cloud services, and seamless data center connectivity. Enter Wavelength Services from Accelecom—an innovative solution leveraging fiber optic networks' speed, security, and reliability.

Experience Unmatched Speed and Reliability

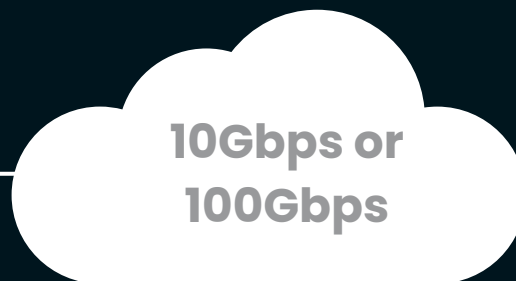

Wavelength Services offer dedicated, point-to-point private connections, eradicating switching delays and ensuring ultra-low-latency bandwidth. With speeds ranging from 10Gbps, 100Gbps or 400 Gbps (ICB only), our high-bandwidth solution guarantees peak performance for your enterprise applications.

Key Benefits:

- **Optimized Data Delivery:** Dedicated optical channels maximize high speed bandwidth delivery, ensuring seamless operation for critical processes.
- **Enhanced Resiliency:** Dedicated connections between data centers and key locations empower business continuity and disaster recovery.
- **Simplified Management:** Our provider-managed equipment streamlines high-bandwidth connectivity, freeing you from the complexities and costs of DIY dark fiber deployments.

Feature Highlights:

- **Point-to-Point Private Connectivity:** Dedicated circuits deliver speeds of 10Gbps, 100Gbps or 400 Gbps (ICB only), ensuring predictability and ultra-low latency.
- **Custom Routing Options:** Tailor your network with custom routing and network diversity options to meet your unique requirements.
- **24/7 U.S.-Based Support:** Our dedicated support team is available round the clock to address any concerns or issues.

Applications:

- **Data Center & Disaster Recovery Connectivity:** Seamlessly connect your data centers, ensuring smooth operations and data accessibility.
- **Large File Transfers:** Expedite file transfers with high-speed connectivity, enhancing organizational productivity.
- **Elevate your network to new heights with Wavelength Services from Accelecom—where speed, reliability, and performance converge to propel your enterprise forward**
